January 25, 2012

Dr. G. C. Accarino
Vascular and Endovascular Unit Chairman

BY E-MAIL TRANSMISSION: gcaccarino@tin.it

Dear Dr. Accarino:

I am pleased to inform you that the Scientific Program Committee has selected your abstract "Single center experience with 135 Endurant implants for EVAR" for oral presentation at the upcoming ISVS Congress to be held in Miami, March 9-11, 2012.

You will be given 8 minutes for the oral presentation and for discussion. I would suggest that your presentation end before the 8-minute deadline to allow you ample time to address questions from the audience.

Congratulations once again on this wonderful honor. I look forward to seeing you in Miami. Please confirm acceptance and indicate who will make the presentation.

Remember that you must register to attend the Congress before presenting. If you have not yet registered, attached to this e-mail is a registration form. Hotel information can be found at www.isvs.com.

Congratulations once again.

Sincerely,

Anthony J. Comerota, MD
Giorgio Biasi, MD
Co-Chairmen Scientific Program
